Talal Abdallah

Khartoum, Sudan
+249121235232
talaldev@protonmail.com

A passionate web developer, using various framework to build interactive web applications. Constantly learning new technologies and frameworks. Love to learn other countries culture and language.

Education

Sudan University of Science and Technology
Bachelor's
Computer Information Systems
Khartoum, Sudan
11/2018 to Present

Awards

SMART-CTF - 2nd place
12/2021
Secured the 2nd place at SMART-CTF, a local competition in sudan which was held for 30 hours on 28-29 September 2021.

Certifications / Licenses

Edraak - Java Programming Path Completion
04/2020 to 06/2020

CyberTalents - Penetration Tester
06/2021 to 08/2021
Completed penetration testing track from CyberTalents. I've learned about various vulnerabilities that are known to appear in web applications such as LFI, RCE, SQLi, XSS and how to find and mitigate them. Earned the certificate after passing two CTF competitions organized by CyberTalents.

JavaScript Algorithms and Data Structures
01/2022
FreeCodeCamp certification, earned it after spending 300 hours learning javascript from basic fundamentals to advanced topics, then completing a set

of projects to earn the certificate.

Front End Development Libraries
03/2022

FreeCodeCamp certification. Spent 300 hours learning front end libraries such as jQuery and React. I've learned what is react, how it works and learned how to use Redux to manage your components state. Built a set of projects with React and earned the certification
